Meet Chris

Dear couple to be, firstly I'd like to wish you a huge congratulations on your engagement and a warm welcome to my brand - Lifestyle Visuals.

I'm Chris Wardle, a full time Videographer based in Stamford, Lincolnshire. Whilst I typically cover weddings within a 2.5hr drive, I can travel further afield, including destination weddings abroad.

I specialise in Luxury wedding films, with an emphasis on capturing natural emotions & the smallest of details. Whether you're planning an extravagant event, or a more intimate celebration, I'd be honoured to capture the moments you'll cherish for a lifetime.

More about me.

Firstly, I got married myself back in 2021, so I fully understand what you're going through right now! The overwhelm of suppliers and finding the RIGHT person who also aligns with your budgets. In 2024 i launched the 'I do's & Do Knots' podcast to help couples with their wedding planning journey... You'll find this on Spotify, Apple Podcasts & Youtube.

Outside of work, i'm a car guy, part time gym-goer, and I enjoy family life - having more recently become a father. We also have two sausage dogs and little house in the country side. To me that's Perfect!

My experience.

I have more than 10 years experience in film making, having worked full time self employed since completing my degree in Media Production in 2012.

I absolutely love filming weddings and have enjoyed perfecting my style. My experience spans not only traditional civil ceremonies & church weddings, but also events from a wide variety of cultures & religions from around the world.

I truly love seeing how each & every wedding is different in its own way, and I'd be honoured to be a part of yours.

Client Feedback

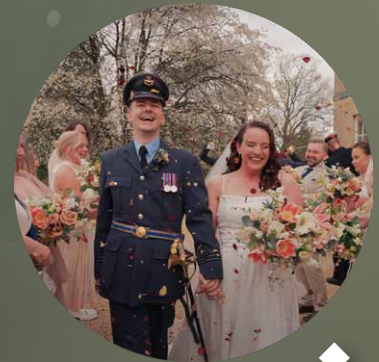

Chris 🥹🥹❤️❤️ we are just speechless. It is everything we could have ever hoped for and more!
We both cried, laughed and non stop smiled. Wow, you just captured the day perfectly. Thank
you so much. We could not have chosen a better videographer, you are INCREDIBLE. Thank you
so much. And a special thank you for making it such a special tribute to my Dad too.
I'm so touched and this will be cherished forever xxxx

Robyn & Max (September 2024)

We are absolutely in love with the video and have relived the day over and over!! All our family
and friends have cried happy tears every time we've shown them and it is just absolutely magical!
The way you've put it all together is better than I could have ever imagined, you are so so
talented at what you do and thank you for taking such time and care of our memories which we
will enjoy watching back forever!!

Harriet and Mark (March 2024)

Chris, we absolutely love the video so so much!! We have watched it so many times,
as have our families. You captured so many surprise things too that we weren't expecting,
which was so special to see. Thank you so so much. You are amazing!!

Livvy and Dale (July 2024)

Missing something?

Our service is totally bespoke, so please ask if you have a specific request or budget.

A romantic scene of a bride and groom walking down a tree-lined path at sunset. The groom is on the left, wearing a light blue shirt, dark tie, and grey vest. The bride is on the right, wearing a white wedding dress and holding a bouquet of flowers. The background is filled with trees and a warm, golden light from the setting sun.

Working with Photographers

Whilst we're very happy to work alongside any photographer of your choice, it is important that our styles complements each other.

+We're happy to recommend our favourite photographers

We can provide a comprehensive list for you to research after you book with us.

OR - Book Photography with us...

Don't want the headache? We can book one of our trusted partners on your behalf. We'll check availability and secure the booking with the most suited photographer from our network.

Budgets from £2,000 > £2,500

Cultural Weddings & Events

We have been lucky enough to capture a broad range of wedding events over the years. This includes a large amount of Hindu, Sikh, Islamic, & African traditional ceremonies.

Our Cinematic Films

Lifestyle Visuals offers a cinematic documentary approach to weddings - capturing lots of shorter highlight clips throughout the day. Ceremonies are filmed in full, then condensed down to include all the key important moments. We shoot with a mix of camera angles, resulting in a film like edit.

Our films have many days spent on editing to achieve the premium results- this is ultimately reflected in our pricing.

The following page allows you to build your ideal wedding videography package!

Should you require a bespoke quote, please email your event timeline to enquiries@lifestylevisuals.co.uk

Full Day Events

Our full days are based on up to 14 hours of coverage

What you'll receive:

+Filming

Two videographers shooting your full day wedding event.
Includes aerial drone footage - Venue/location permitting.

A cinematic wedding film of your chosen length (see below).

A chronological film set to music.

Including highlight moments from throughout the day.

Featuring longer length moments during cultural ceremonies.

Where applicable, the video will include speech narrative and a reception/party montage.

+A sneak peek video

Delivered soon after your wedding,
perfect for sharing with excited friends & family
(Estimated 60-90 seconds in length)

A personalised USB presentation box + Digital link to play any time.

Up to FIVE hours coverage: £965

(price includes editing)

Optional Extras

Add a second videographer - £245
Mehndi dances watch back in full (separate file) - £180

Frequently asked Questions

Q : What is your style. Will it disrupt the day?

A: My style is primarily documentary, meaning I let the day unfold naturally. Occasionally I may advise where to stand for better lighting, and will need to place a discreet mic on anyone giving a speech. Couples portrait shots are very relaxed and carried out alongside your photographer in 20-30mins. Enjoy the day, you'll barely know we're there.

Q : How do we secure a booking?

A: I recommend booking in a virtual consultation over Zoom to discuss your plans so far. Following this a booking form will be emailed for digital signature. Just a 20% deposit will secure the date in our diary. You can choose to pay the remaining balance in installments or settle in full just 30 days before the wedding.

Q : How far will you travel & are there any travel costs?

A: I'm based in Stamford, Lincolnshire. I will cover weddings across the UK & can cover destination weddings (quoted bespoke). All full day packages include up to 150 miles of travel. Travel over 2.5hrs may require accommodation. All costs will be agreed before booking.

Q : Do we need a Second Shooter?

A: You'll need a second shooter if you wish to capture morning prep shots from both perspectives - assuming you're at different addresses. We will advise based on your specific timeline. We also recommend second shooters for our longest film package or larger weddings with lots going on. Advised for Asian weddings.

Q : What cameras do you use. Are they 4K?

A: All video outputs are 4K. We shoot using discreet Sony Mirrorless Cameras which are professional standard. We capture sound using discreet lav mics.

Q : Are you insured?

A: Yes we carry a full fleet of insurance, covering personal liability, Professional indemnity & Drone cover.

Q : Do you have a drone licence?

A: Yes, we have the relevant accreditations for flying drones commercially. We fly lightweight drones as safety is paramount. Please ensure your venue allows drones to be used on site and if there's any restrictions in place.

Q : Can we choose the music on our film?

A: Unfortunately, copyright laws protect many of today's "popular" songs. Using the songs in a video without permission from the appropriate party is illegal. We do however have licences to a vast library of copyright free music as seen within our portfolio examples. In the unlikely event that you're unhappy with the music used, it can be changed with your guidance.

Q : How long until we receive the films?

A: If your package includes a sneak peek video, these are typically delivered within 7 days of your wedding. The main films take a huge amount of editing, which makes up the bulk of the cost. Please expect 12-18 week delivery times depending on time of year. We always deliver our couples films in shoot date order for fairness.

Q : Can we pay for express turn around?

A: In most cases this will be possible. We can charge you a premium for overtime editing to deliver sooner. Please discuss any expectations prior to booking.

Q : Can we get the RAW footage?

A: Yes, we have no issue releasing RAW footage, please see the optional extras section. You'll receive a hard drive to keep, containing every clip from the memory cards, completely unfiltered. Some computers may struggle to play the footage due to its size or codec. We will also keep RAW data copies internally for a minimum of 2 years.
